Marine Operations. Locally Coordinated.

ABOUT US

Established in 2021, C-STAR OVERSEAS LIMITED is a British Virgin Islands incorporated company providing practical local coordination and operational support for international marine projects in Vietnam.

Our core team brings over 20 years of combined experience across marine agency, vessel operations, integrated logistics and regulatory coordination. We work with vessel owners, marine contractors, subsea cable operators and project clients to manage local requirements and support efficient project execution.

With operational coordination in Vietnam and a client liaison presence in Singapore, we provide responsive support through a trusted network of local vessel operators, logistics providers and specialist contractors.

Our approach is built around clear communication, practical solutions, transparent cost visibility and accountable delivery.
